

TRUNK 2000™ FUME COLLECTOR

MODEL T-2000

ULTRA-WEB®
High Efficiency Fine Fiber Filters Built to Last

T-2000

A self-contained source collector designed to capture fume generated from moderate-to-heavy welding applications.

- Designed to handle one or two welding stations using Ex-Arms
- Ceiling-mount configuration saves valuable plant floor space and provides optimum range of the Ex-Arms
- FLUENT®* designed inlet and dust hopper minimizes fume re-entrainment and reduce maintenance expense
- Automatic pulse-cleaning system for continuous welding operations
- Proprietary filter cleaning system lengthens filter life
- Ultra-Web® FR filter cartridges featuring fine fiber technology provide high filtration efficiency and long filter life
- MERV** 15 filtration efficiency rating per ASHRAE 52.2-2007
- Recirculation of clean air reduces need for costly make-up air

* FLUENT is a registered trademark of Fluent, Inc.

** The Minimum Efficiency Reporting Value (MERV) of this filter cartridge has been determined through independent laboratory testing using ASHRAE 52.2 (2007) test standards. The MERV rating was determined at a face velocity of 118 feet per minute (36.0 meters per minute) and loading up to four inches (101.6 mm) water gauge. Actual efficiency of any filter cartridge will vary according to the specific application parameters. Dust concentration, airflow, particle characteristics, and pulse cleaning methods all affect filtration efficiency.

Dimensions & Specifications

Model	Nominal Airflow*		No. of Filters (Ultra-Web FR)	Filter Area		No. of 3/4" Valves	Dimensions												Shipping Weight		Sound Level dB(A) [†]

STANDARD FEATURES & AVAILABLE OPTIONS

STANDARD	OPTIONAL
Ultra-Web® FR cartridges	Ex-Arm - 6.5 ft (2 m), 10 ft (3.0 m), 13 ft (4.0 m)
5 hp TEFC motor	Magnehelic ^{®**} gauge
One (1) Ex-Arm with light	Photohelic ^{®**} gauge
Sprinkler head	Hopper with re-entrainment baffles and four removal dust pans
110 VAC control box 208/230/460/60/3 voltage	Solenoid valve silencer
10-year warranty	<small>*Based on clean filters, per Ex-Arm. **Magnehelic and Photohelic are registered trademarks of Dwyer Instruments, Inc. fdb(A) sound levels are an average of measurements made in a laboratory environment. Installed sound levels will vary depending on the measurement location, operating conditions, and installation.</small>

Our Business is Improving Your Workplace Air Quality.

Since 1995, Environmental Solutions has been helping businesses, like yours, improve their workplace air quality. As an authorized service center for Donaldson Torit, we offer you a one-stop shop for equipment, service, engineering and installation of the industry's leading air pollution control systems.

Whether your company requires the removal of oil mist, welding fumes, machining or wood-working dust, graphite, or correction of any other type of air quality problem; we can expertly engineer and install a quality Donaldson Torit solution to meet your unique needs. No system is too big or too small.
