

# Ambient Air Tubesheets

## Models T-46 through T-99118

Filter section for existing or built-up air handling and HVAC systems.

T-69

### Flexible

- Unique filtration design is especially useful in applications that require customized packaging of the filters to meet requirements for airflow, physical size, or integration with other equipment.
- Excellent alternative in industrial environments where dust loading is too high for standard HVAC panel-type filters.

### Powerful

- Standard Ultra-Web® cartridges with nanofiber technology, provide higher filtration efficiency and long filter life.

- MERV\* 13 filtration efficiency rating outperforms the competition's standard filters.
- Automatic pulse-cleaning design for continuous operation.

### Cost Effective

- Low system pressure drop keeps operating costs down and saves energy.
- Easy filter changeout for quicker maintenance.

# Ambient Air Tubesheet

## Operational Explanation

During normal operation, air flows inward through the intake duct and passes through the filter elements. Dust is collected on the outside surfaces of the elements. Clean air flows through the center of the elements into the clean air plenum.

## Dimensions & Specifications

Model	Nominal Airflow Range** (cfm)	Filter Area (ft <sup>2</sup> )	No. of Filters Ultra-Web®	Filter Arrangement		No. of Valves	Dimensions (inches)†			Shipping Weight (lbs)
				Columns	Rows		W	H	L

\* The Minimum Efficiency Reporting Value (MERV) of this filter cartridge has been determined through independent laboratory testing using ASHRAE 52.2 (1999) test standards. The MERV rating was determined at a face velocity of 118 feet per minute and loading up to four inches water gauge. Actual efficiency of any filter cartridge will vary according to the specific application parameters. Dust concentration, airflow, particle characteristics, and pulse cleaning methods all affect filtration efficiency.

\*\* Based on clean filters.

† Exact dimensions to be confirmed after receipt of order.

# Our Business is Improving Your Workplace Air Quality.

**S**ince 1995, Environmental Solutions has been helping businesses, like yours, improve their workplace air quality. As an authorized service center for Donaldson Torit, we offer you a one-stop shop for equipment, service, engineering and installation of the industry's leading air pollution control systems.

Whether your company requires the removal of oil mist, welding fumes, machining or wood-working dust, graphite, or correction of any other type of air quality problem; we can expertly engineer and install a quality Donaldson Torit solution to meet your unique needs. No system is too big or too small.
