

# Cabinet Dust Collector

## Model Cabinet 90

**Reliable and economical solutions to in-plant dust and smoke control problems.**

- Efficient, compact design handles a wide range of dust applications from 1200 to 2000 cfm.
- High collection efficiency of 99.9%+ by weight allows recirculation of heated or air-conditioned plant air.
- Quick access to dust drawers and dust pails provides easy and safe maintenance.
- Manually-operated filter shaker makes filter cleaning easy.
- Four filter media and three construction choices provide a variety of options to customize the unit for your specific application.
- Inlet locations on top and three sides create installation flexibility.

**Cabinet 90**  
(door not shown)

**Good choice for low-airflow, light-loading applications that do not require continuous airflow.**
